FOUNDER'S MESSAGE

Dr. Venkatesh Manokaran, MBBS (ABROAD)

I personally understand the abroad MBBS journey – because I have lived it.

*I completed my MBBS in China, cleared the FMGE examination, trained at **Virudhunagar government Medical college & Hospital**, and am now practicing in Madurai.*

I have gone through every step of the overseas medical pathway – from admission to licensing in India. Dream Doctor was founded to ensure students receive the right guidance based on real experience, not assumptions.

Our mission is to guide every aspiring doctor with honesty, clarity, and responsibility – so that parents can make decisions with confidence and students can build a secure medical future.
